Hazmatlink Privacy Policy and GDPR Policy Statement

Hazmatlink is committed to protecting your privacy when you use our on-line, telephone or other services ("Services") and to complying with current legislation regarding Data Protection and Privacy. This policy sets out how Hazmatlink will use and protect any information in our care.

Hazmatlink may change this policy from time to time by updating this page. You should check this page occasionally to ensure that you are happy with any changes. Any questions regarding our Privacy Policy should be directed to Hazmatlink at privacy@hazmatlink.com or alternatively see the section "Controlling your personal information" below.

This policy is effective from 1st May 2018.

What we do with the information we gather

Hazmatlink requires this information to understand your needs and provide you with a better service, and for the following reasons:

- Process orders or applications submitted by you using our accounts systems
- We may periodically send promotional emails about new products, services or other information which we think you may find interesting using the email address which you have provided.

Hazmatlink is committed to ensuring that your privacy is protected. If we should ask you to provide certain information by which you can be identified, then you can be assured that it will only be used in accordance with this privacy statement.

Hazmatlink GDPR (General Data Protection Regulation) Commitment

Within the scope of our business, which is the sales and distribution of specialist response equipment; Hazmatlink can be classified as 'Controllers' of Data. We do not process information for others, neither do we profile or manipulate data to generate insights into our customers.

We take our responsibilities seriously and are therefore committed to:

- Fair and transparent processing
- The legitimate interests pursued by controllers in specific contexts
- Clarity on the collection of personal data, where it is applicable to our systems
- The pseudonymisation of personal data
- Supporting our customers with information they can provide to individuals and the exercise of the rights of individuals
- Technical and organisational measures, including data protection by design and by default and security measures
